WELCOME

*A Note from the Executive Director*

*Welcome to the 2015 Annual Report! In it you will find that the Trustees and staff live out the mission statement, “Inspiring philanthropy by helping our partners achieve their charitable goals.” Successes include a \$3 million surge in fund balances (used entirely for charitable giving) and a nearly 25% increase in people with whom we partner. Take a minute to read about Dr. Alice White, a current Trustee who values endowment funds, and Marilyn and AC Schwethelm, long-time fundholders who value careful, efficient giving.*

*Helping to meet the needs of area nonprofit organizations like the Museum of Western Art and the Former Texas Rangers Foundation remain high on the action list. Though we are most well-known for grant-making, agencies like these have opened funds to grow their surplus monies, thus providing long-term organizational sustainability. High-quality training events hosted by TCF throughout the year also provide opportunities for nonprofit education and networking.*

*We strive daily to fulfill our vision statement, “Betterment of the Texas Hill Country through philanthropic giving,” and we know that partnerships with fundholders and agencies are the key. Amy, Jayne, Barbara and I would love the opportunity to visit with you about how The Community Foundation can partner with you! Please call us, visit our office, check us out on Facebook, or view our website for more information.*

*Sincerely,*

*Paul Urban, Executive Director*

### 2015 SUMMIT: BEST PRACTICES

OCTOBER 6, 2015

SUMMIT 2015 was fantastic! A full day of relevant, high-quality class sessions enabled attendees to take a fresh look at “Best Practices” in the non-profit industry. Four agencies were chosen by a drawing to participate in the “Rapid-Fire” Rounds over the lunch hour. Each organization offered a 2-minute presentation about their mission to help promote collaboration.

Our deepest appreciation goes to the Hal & Charlie Peterson Foundation for their financial support, which allowed for the recruitment of top-notch educators. Additionally, with over 80 attendees, networking took place in a big way! 43 different nonprofit organizations were represented at Summit 2015, 7 of which were first-time attendees!

“The Community Foundation’s nonprofit summits have not only been great for my personal professional development, but also for our clinic’s board members and staff as well. There are a lot of nuances to running a nonprofit, and I’ve always found that the nonprofit Summit does a great job of getting the expertise into the room that helps us to be as effective as possible.” - **John Willome, The Good Samaritan Center, Fredericksburg, Texas**

Brian Oehler and Debbie Minns listen attentively to a Summit presentation.

Paul Urban and Scott McAninch closely watch the leader board on the day of The Big Give S.A.

The Big Give S.A. is a 24-hour day of giving that takes place from midnight to midnight one day each year. Hundreds of local nonprofits unite to increase public awareness of the impact local nonprofits make in addressing our community’s social challenges, bring nonprofits and donors together, expand the idea of online giving, connect people to the causes that move them the most and, of course, make giving FUN. Turning giving into a shared region-wide experience significantly impacted South Central Texas and made a huge collective difference.

The 2015 event raised \$4,307,291.86 for all the participating agencies! Our own Hill Country area raised \$53,585 in Kerr County, \$21,755 in Gillespie County and \$29,211 in Bandera County. The Big Give S.A. is part of the national day of giving called Give Local America. Communities across the country unite (usually on a specified date each May) to make an even bigger impact!

### DR. ALICE V. WHITE

A WORD FROM A BOARD MEMBER

At an early age, Alice White learned that education is the key to success. After completing her Doctorate in Journalism, Alice continued to be a part of education through philanthropy. She believes endowment funds with The Community Foundation “are the way to go”, and she has opened numerous funds benefiting both the Hill Country University Center and Texas Tech University. Through The Community Foundation, Alice continues to accomplish academic-related goals by regularly adding funds to those endowments. Also dear to her heart? Her beloved cats! Ever “on the prowl” for a great cause, Alice has opened endowment funds with The Community Foundation that have allowed her to plan care for her own feline friends and for those in area animal services.

**“I have learned how to have multiple layers of effectiveness by working with The Community Foundation.”**

**- Dr. Alice V. White**

## FOUNDATION FUNDS

**AGENCY FUNDS** | *Non-profit 501(c)(3) organizations can benefit forever with the creation of an Agency Endowed Fund. Net earnings may be distributed by The Community Foundation. Individual donors or the charity itself can make contributions to the endowment. Non-profit organization supporters are encouraged to make donations to the charity's endowment fund. ## AGENCY PARTNER

Museum of Western Art

A hygro-thermo-what? The Museum of Western Art received a grant from The Community Foundation for Hygrothermographs. These devices track relative humidity and temperature for each gallery at MOWA so that staff can monitor and maintain a stable, steady environment for superior preservation of the art.

**"MOWA staff are charged with the responsibility of caring for the collection both now and for future generations. The grant from TCF gave us the means to purchase the equipment. TCF has helped us help ourselves" - Stephanie Turnham, MOWA Executive Director**

MOWA staff have worked with TCF staff to form a strong partnership through their Agency Fund and by attending TCF workshops. Strong partnerships, regardless of mission, make all area nonprofits stronger!

**Photo: Stephanie Turnham, Executive Director of MOWA, proudly shows her gratitude for the TCF grant that purchased hygrothermographs**

## ESTABLISHING A SCHOLARSHIP

When considering the establishment of a scholarship fund, interested donors may choose to work with The Community Foundation staff to answer the following questions:

- What do I want to name the fund?
- Do I want the fund to extend into perpetuity?
- Do I want to target a particular field of study?
- Do I care what college the student attends?
- What criteria do I want to use to determine recipients?

For further information about how you can advance education through a scholarship fund, contact The Community Foundation office.

## THE SCHWETHELMS

### A WORD FROM A DONOR

Long-time residents of Comfort, Texas, Mr. and Mrs. AC and Marilyn Schwethelm first opened a fund with The Community Foundation back in 2008. For the Schwethelms, giving back is not a new concept, but a very important one. "We like to give to things that relate to Comfort. Mostly, we give to special projects." Ever a proponent of thoughtful giving, AC enjoys the ability to avoid end-of-year, quick decisions. He knows that he can contribute to a charity at any point in the tax cycle and still receive tax advantages. He also loves the efficiency of giving through The Community Foundation. "It becomes very complicated when you have to do it all yourself. The Community Foundation looks into the agency to determine that it's a worthwhile cause." Additionally, when the Foundation learns of projects that need funding, AC and Marilyn are always happy to listen to what project has need.

**"We know we are in a partnership with TCF because the result is efficient giving. Working with TCF validates needs in the community."**

**- AC Schwethelm**
